 (if applicable)

I/We hereby state that I/we have reviewed and understand the contents of the above identified specification, including the claims as amended by any amendment referred to above.

I/We acknowledge the duty to disclose information which is material to patentability as defined in 37 CFR 1.56.

I/We verily believe the original patent to be wholly or partly inoperative or invalid, for the reasons described below:

- (☐) by reason of a defective specification or drawing.
 (☒) by reason of the patentee claiming more or less than they had the right to claim in the patent.
 (☐) by reason of other errors.

At least one error upon which reissue is based is described below. If the reissue is a broadening reissue, such must be stated with an explanation as to the nature of the broadening:

This is a broadening reissue application. The error upon which this broadening reissue application is based is that the claims are more narrow than patentee had the right to claim. For example, the claims of the patent do not recite the template language of claim 104, and the scope of claim 4 is different from the scope of claims issued in the patent.

All errors corrected in this reissue application arose without any deceptive intention on the part of the applicant(s). As named inventor(s) I/we hereby appoint Coudert Brothers LLP, a firm including J.D. Harriman II, Reg. No. 31,967 with full power of substitution and revocation, with the power to appoint associate attorneys and to prosecute this application, to transact all business in the United States Patent and Trademark Office connected therewith and request that all correspondence and telephone calls in respect to this application be directed to COUDERT BROTHERS LLP, 333 South Hope Street, Suite 2300, Los Angeles, California 90071, Telephone No. (213) 229-2900, Customer No. 23600.

I/We hereby declare that all statements made herein of my/our own knowledge are true and that all statements made on information and belief are believed to be true; and further that these statements were made with the knowledge that willful false statements and the like so made are punishable by fine and imprisonment, or both, under 18 U.S.C. 1001, and that such willful false statements may jeopardize the validity of the application, and patent issuing thereon, or any patent to which this declaration is directed.
